Meeting Agenda for Team 10
Chair: Burak Ozkan

1. What did our literature review tell us thus far?

2. How are we going to sub-sample the MS dataset to yield a subset data frame?

3. What is our research question?

4. What are our aims?

5. What factors are we going to look at?

6. Which analyses are we going to conduct?

7. Who is going to be responsible for what?

8. What is the timeline for our project?

9. Set project deliverable deadlines.

10. Attempt to sub-sample the MS dataset.
